

Data Sharing and Intellectual Capital (DSIC) Knowledge Center

Mission and Scope

The caBIG® Data Sharing and Intellectual Capital (DSIC) Knowledge Center is an NCI-supported entity led by the University of Michigan. The DSIC Knowledge Center provides a centralized, authoritative repository of processes, model agreements, and other resources to encourage and facilitate data sharing to advance scientific discovery, consistent with applicable legal, regulatory, ethical and contractual requirements. Key services provided by the Knowledge Center include:

- Domain expertise for other caBIG® Knowledge Centers and Workspaces
- Analysis and summary of relevant laws, regulations, policies and standards and their likely impact on data sharing initiatives
- Development of decision support and analytic tools
- Authorship, publication and dissemination of white papers
- Coordination with the caBIG® community and external groups on data sharing initiatives

For an introduction to DSIC, we encourage you to watch this [video](#). (approximately 17 mins.)
(The [script](#) and [powerpoint](#) used in the video are available here.)

Visit Domain Level Knowledge Center Forum

The [DSIC Knowledge Center Forum](#) is the place for visitors to submit questions and comments that relate to the legal, regulatory, ethical and contractual concerns associated with data sharing in caBIG®. What questions do you have for others? What are your needs and interests that extend beyond the existing resources offered by the program? Write your thoughts in this forum, so that they can be answered by the Knowledge Center Team and/or brought to appropriate stakeholder groups such as the DSIC workspace.
